Polywater® J Lubricant Environmental Statement

- **Use for Green Certified Projects**

Polywater® J meets typical LEED® and Green Seal criteria. This lubricant is appropriate for use during cable installation on Green Certified projects.

- **Low VOC Content; Meets CARB**

Polywater® J complies with CARB regulations. It is water-based and does not contain solvents. The VOC content is 10 grams/Liter.

- **Non-Toxic, Safe to Use**

Polywater® J Lubricant is non-toxic and has an estimated LD₅₀ greater than 50 gms/Kg. It does not contain carcinogens or reproductive toxins. It is not a skin sensitizer and will not cause skin or eye irritation. It does not contain ozone depleting compounds, heavy metals, phthalates, phosphates or alkyl phenol ethoxylates. Polywater® J Lubricant is non-combustible and safe to use.

- **Low Environmental Impact Packaging**

Polywater® J Lubricant is packaged in recyclable polyethylene containers. One-gallon pail packaging meets California Title 14 with 20% source reduction.
